¹ “Corporate governance statement” is defined in Listing Rule 19.12 to mean the statement referred to in Listing Rule 4.10.3 which discloses the extent to which an entity has followed the recommendations set by the ASX Corporate Governance Council during a particular reporting period.

Listing Rule 4.10.3 requires an entity that is included in the official list as an ASX Listing to include in its annual report either a corporate governance statement that meets the requirements of that rule or the URL of the page on its website where such a statement is located. The corporate governance statement must disclose the extent to which the entity has followed the recommendations set by the ASX Corporate Governance Council during the reporting period. If the entity has not followed a recommendation for any part of the reporting period, its corporate governance statement must separately identify that recommendation and the period during which it was not followed and state its reasons for not following the recommendation and what (if any) alternative governance practices it adopted in lieu of the recommendation during that period.

Under Listing Rule 4.7.4, if an entity chooses to include its corporate governance statement on its website rather than in its annual report, it must lodge a copy of the corporate governance statement with ASX at the same time as it lodges its annual report with ASX. The corporate governance statement must be current as at the effective date specified in that statement for the purposes of Listing Rule 4.10.3.

Under Listing Rule 4.7.3, an entity must also lodge with ASX a completed Appendix 4G at the same time as it lodges its annual report with ASX. The Appendix 4G serves a dual purpose. It acts as a key designed to assist readers to locate the governance disclosures made by a listed entity under Listing Rule 4.10.3 and under the ASX Corporate Governance Council's recommendations. It also acts as a verification tool for listed entities to confirm that they have met the disclosure requirements of Listing Rule 4.10.3.

The Appendix 4G is not a substitute for, and is not to be confused with, the entity's corporate governance statement. They serve different purposes and an entity must produce each of them separately.

² Tick whichever option is correct and then complete the page number(s) of the annual report, or the URL of the web page, where your corporate governance statement can be found. You can, if you wish, delete the option which is not applicable.

³ Throughout this form, where you are given two or more options to select, you can, if you wish, delete any option which is not applicable and just retain the option that is applicable. If you select an option that includes “OR” at the end of the selection and you delete the other options, you can also, if you wish, delete the “OR” at the end of the selection.

See notes 4 and 5 below for further instructions on how to complete this form.

CORPORATE GOVERNANCE STATEMENT

2.2 Composition of the Board

As at the date of this Statement, the Board comprised of one Independent Non-Executive Chair and one Independent Non-Executive Director. In addition, we have one Managing Director and Chief Executive Officer and one Executive Director, who are not independent. Full Names and details of Directors' Qualifications and length of service are included in the 2025 Annual Report. Board composition is determined in accordance with Ardea's constitution and Board Charter, which together set out the following general principles:

- the Board must comprise of a minimum three and a maximum of seven directors;
- the Board should comprise of a majority of independent directors with a range of skills, expertise and experience from a diverse range of backgrounds; and
- the Chair of the Board should be an independent non-executive director.

The composition of the Board does not accord with ASX Principle 2 as only two Directors, meet the independence criteria under the ASX Corporate Governance Council Recommendations with all other Directors executives and/or substantial shareholders. The Board views shareholdings of Directors as important, although it is outside the ASX Recommendations criteria for independence, as it believes it more correctly aligns the board with shareholders' interests. The Board notes that the Company is not currently of the size, nor are its affairs of such complexity to justify the expense of the appointment of additional independent Directors, and it will continue to review this position as circumstances change.

In determining the composition of the Board, the Board operating as the Remuneration and Nomination Committee work together to ensure that the optimal size and blend of skills, expertise and experience are represented on the Board to further ensure that effective discussion and efficient decision making takes place. The Board is satisfied that the current Board is comprised of directors representing a broad range of these attributes.

Due to the current size and nature of the existing Board and the magnitude of the Company's operations, the Board does not consider that the Company will gain any benefit from individual Board committees and that its resources would be better utilised in other areas as the Board is of the strong view that at this stage the experience and skill set of the current Board is sufficient to perform these roles. Under the Company's Board Charter, the duties that would ordinarily be assigned to individual committees are currently carried out by the full Board under the written terms of reference for those committees.

The following table summarises the skills, attributes and experience of the directors serving on the Board at the date of the Annual Report:

2.3 Independence of Directors

The Board recognises the importance of ensuring that directors are free from interests and relationships that could, or could reasonably be perceived to materially interfere with the director's ability to exercise independent judgment and act in Ardea's best interests.

Accordingly, the Board has adopted guidelines, set out in the Board Charter, which are used to determine the independence of directors and are based on the definition of independence listed in Box 2.3 of the ASX Principles.

CORPORATE GOVERNANCE STATEMENT

In accordance with these guidelines, the Board generally considers a director to be independent if they are not a member of management and:

- is not a substantial shareholder of Ardea or an officer of, or otherwise associated with, a substantial shareholder of Ardea;
- is not employed, or been previously employed in an executive capacity by Ardea, or where they were previously employed in such a capacity, there has been a period of at least three years between ceasing such employment and serving on the Board;
- is not in a material business relationship (e.g. as a supplier or customer) of Ardea, or an officer of or otherwise associated with someone with such a relationship;
- has no material contractual relationship with Ardea other than as a director of Ardea;
- does not have close family ties with any person who falls within any of the categories described above;
- has not served on the Board for a period that their independence may have been compromised;
- is free from any interest and any business or other relationship which could, or could reasonably be perceived to, materially interfere with the director's ability to act in the best interests of Ardea.

The Board considers the materiality of a director's interests, position, association or relationship on a case by case basis.

Directors also have an ongoing responsibility to disclose any actual or potential transactions or interests that may create a conflict of interest. They may also be required to take steps to remove any conflict of interest. If a director cannot or will not remove a conflict of interest, then the director must be absent from the room when discussion and/or voting occurs on matters to which the conflict relates.

The Board has reviewed the independence of its directors and considers that the Non-Executive Chairman and the Non-Executive Director are both independent directors on the board.

2.4 Access to independent advice

Under the Board Charter, directors may seek independent professional advice at Ardea's expense on any matter connected with the discharge of their responsibilities with the prior written approval of the Chair.

2.5 Access to Board materials and information

Under the Deed of Indemnity, Insurance and Access, directors have access to inspect the company's records which have been prepared during or relate to the director's tenure or discharge of duties as a director in respect of the company.

2.6 Director selection and succession planning

The Board renewal process is overseen by the Remuneration and Nomination Committee and involves regularly reviewing the composition of the Board to ensure that the directors have an appropriate mix of skills, expertise, experience and backgrounds relevant to the management of Ardea.

The Board Charter sets out the overarching principles regarding director selection and succession planning. The Remuneration and Nomination Committee Charter sets out the key nomination planning principles of the committee which is responsible for leading the process of Board appointments.

2.7 Director induction and continuing education

All new directors are appointed through a written agreement with Ardea that sets out their duties, rights and responsibilities. In addition, the Remuneration and Nomination Committee is responsible for ensuring that new directors are provided with a comprehensive induction programme (including business briefings by management and site visits).

The Board encourages directors to continue their education and maintain the skills required to discharge their duties by providing professional development opportunities. Ardea meets all reasonable costs of continuing director education.

2.8 Board Meetings

The Company has monthly meetings at which a monthly report is presented covering the Company's performance in Health, Safety, Environment and Community, Technical, Financial, Business Development and Human Resources. Full details of the number of meetings and board attendance are included in the 2025 Annual Report.

3 Board Committees

Relevant policies and charters:

- Audit and Risk Committee Charter
- Remuneration and Nomination Committee Charter

Following the listing of the Company on the ASX, the Board established two committees, the Remuneration and Nomination Committee and the Audit and Risk Committee, to assist with the effective discharge of its duties. Currently both Committees are made up of the full Board until the Company grows to sufficient size to allow for the appointment of additional Independent Non-Executive Directors when these will be separated from the full Board. Both committees will function under a specific charter approved by the Board which details their respective roles, duties and membership requirements.

4 Performance evaluation and remuneration

Relevant policies and charters:

- Board Charter
- Remuneration and Nomination Committee Charter

4.1 Performance evaluation

The Remuneration and Nomination Committee assists the Board in relation to conducting performance evaluations and developing and implementing plans for identifying, assessing and enhancing director competencies.

Annually, the Managing Director and Chief Executive Officer will undertake a review of the performance of each senior executive against individual objectives and deliverables linked to a corporate plan that were agreed at the beginning of the performance period. These personal objectives relate to key areas of performance over which the individual has accountability and influence. Performance reviews will continue to be undertaken in future years for the Board and senior management.

The Board reviews its own annual performance each June with a Directors' Questionnaire which is tabled and assessed at the late June board meeting.

4.2 Director and Executive remuneration

The Remuneration and Nomination Committee will obtain independent remuneration benchmarking information for comparative purposes as required. Salary reviews and short-term incentives are determined by assessing performance against both individual performance and profitability and sustainability performance targets.

5 Risk management and internal controls

Relevant policies and charters:

- Board Charter
- Audit and Risk Committee Charter
- Risk Management Policy

5.1 Risk management

The Board recognises that good risk management is a key element to good corporate governance and has adopted a risk management framework that sets out the processes to identify and manage risk across the Group. The framework sets out a 'whole of business' approach to the management of risks which allows both opportunities and threats to be identified and managed effectively.

CORPORATE GOVERNANCE STATEMENT

Through this framework, Ardea seeks to:

- embed a culture of risk awareness and decision-making;
- identify, assess and manage risks in a structured and systematic manner;
- enable measured risk taking in line with business objectives and strategies;
- establish and monitor appropriate controls in line with business objectives and strategies;
- ensure material business risks are effectively identified, communicated and appropriately elevated throughout all levels of management to the Board; and
- fulfil governance requirements for risk management.

The Board has overall responsibility for reviewing, approving and overseeing systems of risk management and internal control. This includes reviewing processes to identify the main risks associated with the company and reviewing processes and systems in place to manage these risks.

The Audit and Risk Committee assists the Board regarding oversight of Ardea's risk management practices by:

- developing an understanding of key risk areas and the potential consequences of major risk events;
- gaining assurance as to the adequacy of Ardea's policies and processes for integrating risk management into its operations, mainly through the medium of the Monthly Report;
- reviewing and making recommendations to the Board in relation to any incident involving fraud or other break down of Ardea's internal controls;
- reviewing and reporting to the Board usually at the September meeting that the Audit and Risk Committee has, at least annually, reviewed Ardea's risk management framework to satisfy itself that it continues to be sound and effectively identifies all areas of potential risk; and
- reviewing the insurance strategy and determining the extent to which it aligns with the risk tolerance of Ardea.

In line with changes to the new ASX Principles, Ardea's Risk Management Framework will be reviewed annually. Due to its size, the company does not currently have an internal audit function.

5.2 Managing Director and Chief Executive Officer and Chief Financial Officer certifications

The Managing Director and Chief Executive Officer and Chief Financial Officer will make certifications to the Board in respect of each half and full year financial period confirming to the best of their knowledge and belief:

- that Ardea's financial records have been properly maintained;
- that Ardea's financial statements, in all material respects, are complete and present a true and fair view of the financial condition and operational results of Ardea and

- group and are in accordance with relevant accounting standards;
- that the above statement is founded on a sound system of risk management and internal compliance and control, which implements the policies adopted by the Board; and

In addition, the Board has specifically adopted a Directors' Code of Conduct which establishes standards for appropriate ethical and professional behaviour for directors.

The Code of Conduct is supported by Ardea's Whistleblower Procedure.

Ardea has a zero tolerance for bribery or corruption in its business. The Code of Conduct and Ethics policy documents Ardea's commitment to ensure all officers, employees, contractors, agents and any other party representing Ardea, wherever they are in the world, will act fairly, honestly, with integrity and in compliance with the law. The Code of Conduct and Ethics policy sets out the standards and behaviour Ardea expects of its officers, employees and representatives and links with the Whistleblower Procedure for the reporting of any actual or suspected breaches of the policy.

CORPORATE GOVERNANCE STATEMENT

The Whistleblower Procedure documents Ardea's commitment to encouraging all employees, directors, contractors and consultants to raise concerns regarding any misconduct that they believe constitutes a breach of the Code of Conduct, Ardea's policies or the law. This Whistleblower Procedure sets out the mechanism by which staff can confidently, and anonymously if they wish, raise concerns in a responsible manner without fear of discriminatory treatment, recrimination or reprisal, and Ardea's commitment to properly investigate any issues.

Copies of the Code of Conduct and Ethics and the Whistleblower Procedure can be found in the Governance section of Ardea's website.

Ardea respects and encourages workplace diversity and strives to create a flexible and inclusive workplace environment. Ardea seeks to attract and retain the best people while building and maintaining a diverse, sustainable and high achieving workforce. To achieve the objective, Ardea is committed to:

- promoting awareness of diversity within Ardea;

- supporting skills development, aligned to the needs of Ardea, in communities in which Ardea operates;
- attracting, developing and retaining more employees across various age ranges, people with disability, women and indigenous people; and
- creating a flexible workplace culture which assists employees to balance their responsibilities.

Ardea will continue to develop and implement programs which foster workforce and Board diversity.

Due to the size of the Company, measurable objectives have not been set at this time but will be implemented as the Company grows. Current gender diversity is 25% for the Board of four, 50% of senior management and 71% of total employees.

6.3 Continuous disclosure and communications with shareholders

Ardea is committed to ensuring that shareholders and the market are kept fully and regularly informed of information and major developments concerning Ardea. To achieve this, Ardea has developed an External Communications Policy which establishes procedures to ensure that directors and management fulfil their obligations under the Corporations Act and the ASX Listing Rules in relation to the timely disclosure of price-sensitive information.

The Company Secretary has primary responsibility for administration of the policy. The Company Secretary's responsibilities also include monitoring compliance with Ardea's disclosure obligations and managing all communications with the ASX.

CORPORATE GOVERNANCE STATEMENT

Ardea communicates with shareholders through releases to the ASX, Ardea's website, information distributed by email where the address has been provided direct to shareholders and the general meetings of shareholders. To ensure that security holders have the opportunity to participate at meetings of members:

- at the Annual General Meeting, shareholders elect the directors and can express their views, ask questions about company business and vote on items of business for resolution by shareholders;
- the provisions of adopting the remuneration report at the Annual General Meeting provide shareholders with a statutory forum; and
- Dry Kirkness, Ardea's external auditor, will attend each Annual General Meeting and is available to answer shareholder questions about the conduct of the audit and the preparation and content of the audit report.

Shareholders are also able to send and receive communications to/from Ardea electronically. Transcripts of results presentations and major business presentations are lodged with the ASX immediately prior to the event and placed on the website as soon as practicable after the conclusion of such events.

6.4 Dealing in shares

The Board believes it is in the best interests of shareholders for directors and employees to own shares in Ardea, subject to strict controls and guidelines on share trading.

Ardea has in place a Securities Trading Policy which applies to Ardea's directors and employees (and their "connected persons"). The policy prohibits directors and employees from trading in Ardea's securities if they are in possession of price-sensitive information which is not generally available to the market. It also prohibits dealings by directors and certain employees during defined "closed periods" except where clearance has been granted for exceptional circumstances or the dealing falls within an excluded category under the policy.

Closed periods under the policy include:

- Two weeks before the release of the Annual financial accounts and two days after;
- Two weeks before the release of the half year financial accounts and two days after, and
- The period between the end of the quarter and two days after the release of quarterly reports

Outside of these closed periods and prior to any proposed trade, directors and certain employees must seek approval from the Managing Director and Chief Executive Officer or Chair prior to trading in Ardea's securities.

Directors and employees are also restricted from engaging in short-term trading of Ardea's securities and from hedging their securities unless those securities have fully vested and are no longer subject to restrictions. Key management personnel must not at any time enter into a transaction that involves using Ardea's securities as collateral in any financial transaction, including margin lending arrangements.
