

Secure your spot on Ardea's Kalgoorlie Nickel Project – Goongarrie Hub site visit during Diggers and Dealers 2024

Thursday 8 August 2024

9.30am – 3.30pm

Kalgoorlie Western Australia

REGISTER NOW

Ardea Resources Limited is pleased to offer you a site tour of the Kalgoorlie Nickel Project (KNP) – Goongarrie Hub.

The Kalgoorlie Nickel Project – Goongarrie Hub is shaping up to be a multi-decade Nickel-Cobalt operation¹. Ardea recently concluded its Strategic Partner process and signed a Cooperation Agreement with Sumitomo Metal Mining (SMM) and Mitsubishi Corporation (MC)² to form a joint venture to develop the Goongarrie Hub. The Site Tour will be a chance to learn more about the Goongarrie Hub and see first hand some of the Definitive Feasibility Study activities.

If you are attending Diggers and Dealers 2024 or in Kalgoorlie during the event, we welcome you to express your interest in joining us on this six hour field trip on Thursday 8 August 2024.

Ardea and Kalgoorlie Nickel Pty Ltd (KNPL³) representatives will include Andrew Penkethman - Ardea Managing Director / CEO, Mat Longworth - Ardea Chairman, Matt Read - KNPL Project Director, and Darren Howe - KNPL Geology Superintendent.

The KNPL site tour will include:

- Pickup at the front of the Goldfields Art Centre, Cheetham St, Kalgoorlie (Diggers and Dealers venue), at 9.30am sharp.
- A six hour round bus trip with the first stop at Ardea's West Kalgoorlie Operations Office to inspect high grade goethite in drill core and to discuss the factors that have formed this unique and globally significant deposit.

Visit highlights:

- Drive through the City of Kalgoorlie-Boulder to appreciate the infrastructure, supportive community and quality services available.
- A stop at Slug Hill, the occurrence of Walter Williams Formation, the unique ultramafic rock that weathers to high grade nickel-cobalt-scandium laterite.
- Several stops at Goongarrie to see and discuss the resource and the 2023 PFS which defined an average production of 30,000tpa nickel and 2,000tpa cobalt to sustain greater than 40-year mine.¹
- Key ESG considerations incorporated into the project development plan, including in-pit tailings disposal.
- In depth project and industry insights from your hosts who have >120 years of combined resources sector experience.
- Learn more about Ardea's milestone Strategic Partnership with giants of the industry SMM and MC, along with insights to current work streams.

The project area is centred 80km north of Kalgoorlie, Western Australia and you will be driven in the comfort of a well-appointed bus with lunch included.

If you would like to attend this site tour and learn more about the Kalgoorlie Nickel Project – Goongarrie Hub, please click on the link below to register your interest. We will be in contact to confirm your attendance.

There are limited seats available so don't delay if you are interested in attending. We look forward to seeing you there.
